

Give yourself 15 minutes for this take-home quiz. Notes are not allowed, but calculators or class manipulatives may be used. This quiz will be exchanged and discussed during class.

1. Solve the following system of equations using substitution or elimination. (3 MP*)

$$x = y + 1 \text{ and } 3x + 2y = 5$$

2. Solving the following system of equations using a different method than previously used. (3 MP*)

$$x + 2y = 3 \text{ and } 4x + 5y = 6$$
