

Spinner Extension Problem

Name

Calvin and his mom are arguing now. They are disagreeing about what Calvin can eat for breakfast. Calvin wants to eat sugar cereal everyday and his mom wants him to eat healthy cereal. Calvin and Mom decide they should come up with a spinner that he will spin each morning. If the spinner lands on Calvin's name, he gets to eat his sugary cereal. But if it lands on his Moms name, then Calvin has to eat Mom's healthy cereal. Here are the four spinners that were created by Calvin and Mom (using an angle measurement tool).

Who has the better chance of being selected in each spinner? Circle Calvin or Mom, then explain why.

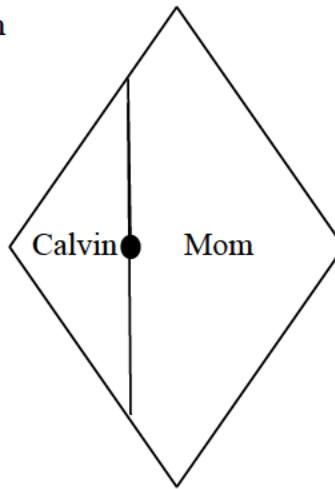

Spinner 1

Circle
Calvin or Mom

Explain

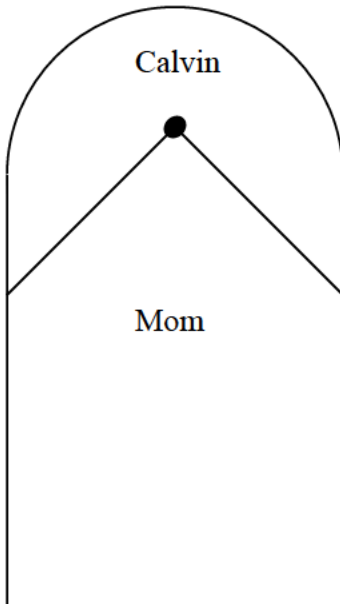

Spinner 2

Circle
Calvin or Mom

Explain

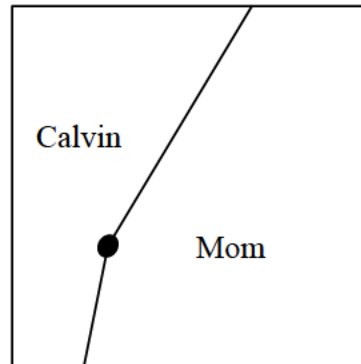

Spinner 3

Circle
Calvin or Mom

Explain

Spinner 4

Circle
Calvin or Mom

Explain
